A Litter Whelped 7/6/18 6 Males & 3 Females

All Puppies are **SOLD**

This was a great pairing between Remi and Ozzy. The litter was a wonderful turnout with a mixture of brown and white puppies and roan puppies. Pups varied from living in Minnesota, Wisconsin, Illinois, North Dakota and Washington. One of them is Luna! Can you guess which one?

All pups are doing great in their new homes and hunting every season. I love seeing the pictures coming in from the new owners of their pups both out in the fields doing what they are bred to do and in their homes just being a dog. Very nice litter from Remi and Ozzy.
